

Self Destruct (2024)

LOGLINE

Eden, 13, wakes up to find that a purple narcissistic monster, Ardenia, has been running her mindsphere for the last year. *Self Destruct* follows her struggle to learn to cope with her mental illness.

SYNOPSIS

Self Destruct is a mini series of 8-10 episodes lasting 8-15 minutes.

Our story takes place in the modern day (2020s), vaguely in the northwestern United States. Eden is a normal 8th grade girl, except she is suffering from a nondescript mental illness. She has two parents, a mom and a dad, a younger brother, Eli, and a best friend, Abigail. Her family also has a dog, Wilma.

The series follows Eden's struggle against her nondescript mental illness, which takes the form of a purple monster named Ardenia. Eden also tries to repair her relationships with her loved ones, which Ardenia has wreaked havoc upon.

SHOWCROSS

The mindsphere is a similar setting to that of headquarters inside Riley's brain in *Inside Out* (2015)

Eden's "outside surroundings" will be vaguely Pacific Northwest United States, slightly muted color scheme inspired by *Gravity Falls* (2012) and *Over the Garden Wall* (2014)

In the mindspace Eden and Ardenia will have energy and health bars, similar to *Stardew Valley* (2016) and “fights” will range from verbal, to pushing/punching, to, eventually, sword fighting.

EDEN

Eden is 13, in 8th grade. She rides her bike, she plays soccer, she texts her friends. She loves her family and friends and her dog.

INNER EDEN

Inside the mindspace, Eden’s true self starts in a weakened state. Inner Eden’s goals are to make healthy decisions and be loving and caring towards her loved ones.

ARDENIA

Ardenia is a physical manifestation (in the mindspace) of any self-sabotaging mental illness. Her main motivations are to get people’s approval and keep Eden safe. When she fails to do this, or people don’t act the way she wants them to, she gets very angry and destructive. Ardenia is selfish, narcissistic, and passionate.

PILOT

Eden starts locked in a trunk. She slowly wakes up, and is able to break open the trunk. She finds Ardenia taking a nap. Eden has some basic interactions with her family, including her younger brother, Eli, not asking her to read him a bedtime story goodnight, which she remembers doing previously.

Ardenia wakes up and informs Eden they don’t do that anymore. Ardenia knocks Eden out.

Eden wakes to Ardenia at the “controls”. Eden asks who Ardenia is. Ardenia sees herself as the one who runs Eden’s brain. Eden learns she’s been “unconscious” for about a year,

but was able to wake up because Eden's mom took her to a psychiatrist to get medicine.

Ardenia plans to throw away the pills and regain control.

Eden is in a weakened state, and cannot fight Ardenia directly. She must sneak around and wait for the right moment to take control to take her pills, so she can get stronger and have more control in the mindspace.

She succeeds, and the episode concludes with her successfully taking her meds.

EPISODE PLOTS (order does not matter, order is in the chart below)

Episodes where Ardenia wins:

- 1) Eden's mom asks her to feed the dog. Eden tries to get to the controls, but Ardenia has her tied up. Conflict between Eden and her mother escalates.
- 2) Eden is bored in class. Ardenia makes her blurt out something inappropriate. Eden is too tired to fight back.
- 3) Abigail leaves Eden on "delivered" about going to the mall that weekend. Ardenia decides that Abigail doesn't care for Eden anymore, and hurt, lashes out to "protect" Eden.
- 4) Kyle suggests Eden should sneak out at night to kiss him behind the school. Eden is disgusted by this prospect. Ardenia knocks Eden out and Eden wakes to the aftermath of Ardenia's decision to kiss Kyle.
- 5) Eden doesn't go to soccer practice because she is embarrassed of what has been happening to her. She has a breakdown about not being able to "be normal". Her mother consoles her.

Episodes where Eden wins:

- 1) The pilot where Eden successfully takes her meds.

- 2) Eden is struggling, but powers through and is able to make her bed.
- 3) Eden discovers little ways she can improve her health/energy levels in the mindspace. These tasks include eating breakfast, petting her dog, and taking deep breaths.
- 4) Eden remembers why Eli now avoids her. She apologizes for things Ardenia did, and reads Eli a bedtime story.
- 5) Ardenia is convinced everyone hates Eden, and that the best thing to do is to jump off the dam, killing Eden. Eden takes a stand to save her life.

Order:

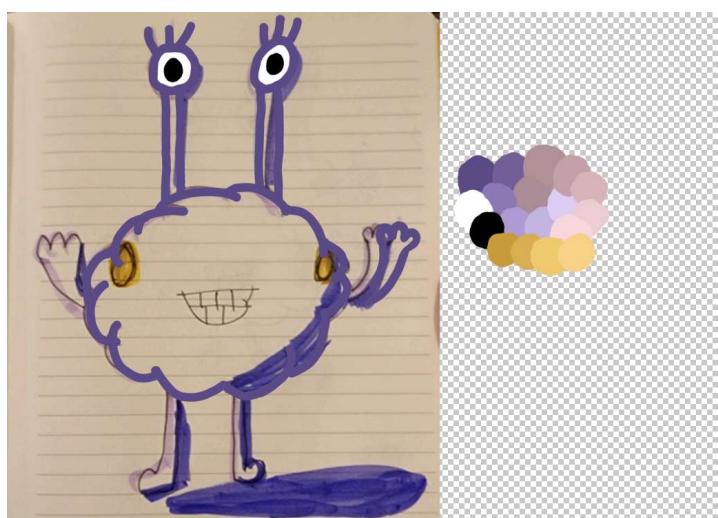

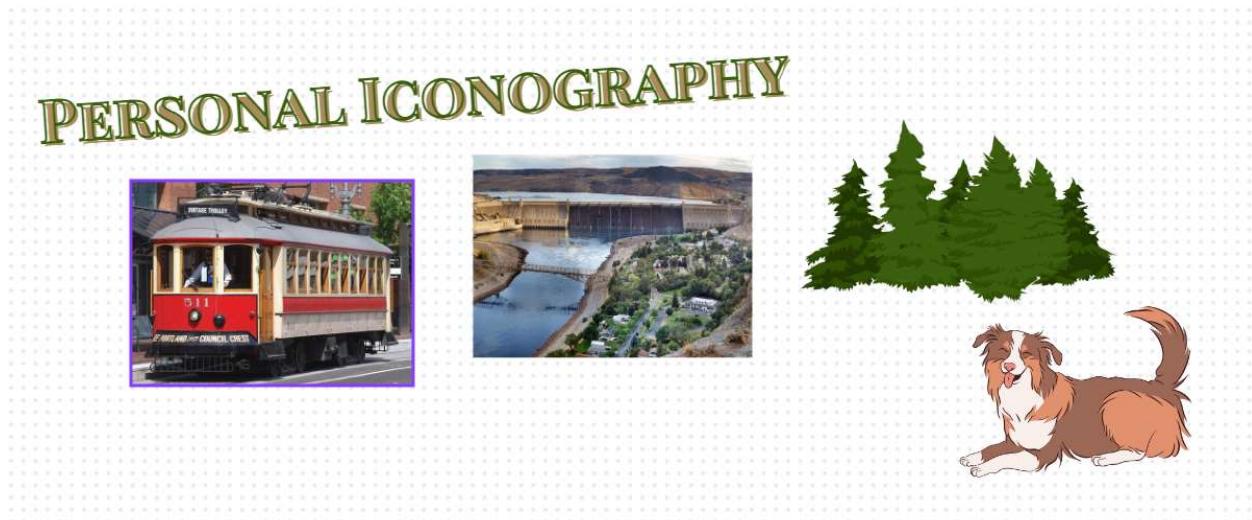

FUTURE SEASONS

There is room to do more seasons, since mental illness is a lifelong battle. I do not plan the ending of season 1 to be nice or complete. Everyday is its own struggle, and I want my art to reflect that. There is no permanent “win”. There is no “happy ending”.

Problem: I prefer the tempo of the Columbia River Collection version of “Biggest Thing Man Has Ever Done” but want full lyrics - get it commissioned?
